

FIRST STOP CANADA, NEXT STOP LATIN AMERICA

This winter, Air Canada connects travellers from London Heathrow and Manchester to destinations across Latin America via our hubs in Toronto and Montréal. Enjoy smooth and efficient connections under one roof, with no terminal changes required. Baggage is checked to the final destination and boarding passes for all connecting flights are issued at check-in—making your journey seamless from start to finish.

Through Air Canada's partnership with Avianca (AV), Azul Brazilian Airlines (AD) and GOL (G3) customers can access an even wider range of destinations across Latin America, including Bucaramanga (BGA), Brasília (BSB), Cuiaba (CGB), Cusco (CUZ), Florianopolis (FLN), Fortaleza (FOR), Guayaquil (GYE), Mendoza (MDZ), Recife (EC) among many others.

Customers can choose from three classes of service on their flight, including Air Canada Signature Class, a premium travel experience featuring lie-flat pods.

The Ultimate Travel Companion – Air Canada App

Encourage your customers to download the AC app for a smoother journey. They can manage flights, check-in, access boarding passes, receive real-time flight updates, and manage their Aeroplan account.
